

Dr. John Haché, HD, ND, PhD., DNM

Dr. John Haché, President and founder of 5-Element Therapeutics Inc., co-founder of Pacific Health Options Inc and Avazzialife, is a trusted professional partner of Avazzia. His expertise in neurotherapy, cryotechnology and biofeedback has been instrumental in providing valuable training to healthcare technicians and professionals incorporating the Avazzia Pro-Sport Biofeedback device into their practice.

John's extensive training for Avazzia includes classroom, as well as numerous procedural videos. An enthusiastic advocate of Avazzia's products and mission, John has also authored several product manuals for Avazzia that include: Biofeedback Basics, Cellular Makeover, Avazzia PRO-SPORT and Best RSI device manuals, levels 1, 2 & 3.

Dr. Haché is a graduate from the *Institut Quebecois pour l'étude de la Naturopathie (Quebec Institute of Naturopathy)* and completed his studies in Homeopathy with *L'Institut des Thérapeutiques Naturelles* from France. John graduated from Quebec's leading school of Herbology where he became a member of the *Quebec Association of Phytotherapists*. Other training included Microscopy and Cryotechnology and stem cell research with *Cryotech Labs*. John completed several years of clinical work as assistant to the famous *Dr. Ray Evers* of Dothan Alabama. He received his Doctorate in Natural Medicine from the *Examining Board of Natural Medicine Practitioners (EBNMP)* and is a registered member of the *World Organization of Natural Medicine Practitioners (WONMP)*. After founding two Naturopathic Schools, John continues to lecture on the principles and application of Homotoxicology, Homeopathy and Naturopathy throughout Canada for different professional organizations, including *Homeocan, Natramed, HerbaSanté, Naturetech, Robert & Fils* and *Nutrilite*. Since 2000, John has lectured extensively throughout Europe and North America on the use of Interactive Neuro Stimulation as well as instructing for *Neurotherapy and Biofeedback Certification Board (NBCB)* and is currently President of the *Biofeedback Association of North America*.

John was instrumental developing a pilot study on Prostatadynia at the *University of Washington Medical Centre's* department of Urology. He lectures at such prestigious organizations as the *University of Miami's Miller Medical School, Capital University of Washington DC, the California Institute for Human Science, the Queen Elizabeth Hospital, Montreal, Quebec, the Imperial Point Hospital, Fort Lauderdale, Florida, the Hippocratic Center, West Palm Beach Florida, the Department of Veterans Affairs, West Palm Beach, Florida, the University of Washington Sports Department (Huskies), the Seattle Sea Hawks, Washington DC, Celine Dion Productions, Peak Potentials* and *T. Harv Eker's Extreme Health Extravaganza*.

John's expertise and affiliations with universities, major hospitals, veterans' affairs programs and sports entities, as well as his training abilities, play a major role in promoting the health capabilities of the Avazzia PRO-SPORT.
